Big Sky, Montana

BIG SKY
MONTANA

Conference Description:

This conference is designed to provide dermatologists, dermatopathologists, and APPs interested in dermatology with the most up-to-date information on a variety of common and emerging dermatologic topics, which will be addressed in didactic-style lectures and case-based presentations with question-and-answer opportunities. Attendees will gain better knowledge of guideline updates, current case studies, and strategies to improve clinical care in an informal atmosphere that encourages audience participation and robust discussion for a variety of dermatology-focused topics including pediatric dermatology, nail disease, vulvar dermatology, lichen planus and inflammatory mucosal conditions, PMOS in Dermatology, checkpoint inhibitors, immunosuppression, and more.

Course Objectives:

1. Demonstrate increased competence in identifying a variety of dermatologic ailments.
2. Discuss the appropriateness of skin biopsies, targeted therapies, differential diagnosis.
3. Utilize updated guidelines to manage and optimize patients with dermatologic conditions.

Target Audience:

Board-certified or board-eligible community dermatologists and dermatopathologists providing both adult and pediatric dermatologic care, and advanced practice providers with an interest in dermatology.

Meeting coordination provided by:

Billings Clinic

Accreditation:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Billings Clinic and Montana Academy of Dermatology. The Billings Clinic is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Billings Clinic designates this live activity for a maximum of **13.0** *AMA PRA Category 1 credits* ™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAPA
American Academy of Physician Assistants accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit(s)*™ from organizations accredited by the ACCME. The National Commission on Certification of Physician Assistants (NCCPA) states that the *AMA PRA Category 1* Credit(s)™ are acceptable for continuing medical education requirements for recertification.
Participants should claim only the credit commensurate with the extent of their participation in the activity.

ANCC
Nurse Practitioners and Registered Nurses for recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credit™ issued by organizations accredited by the ACCME (Accreditation Council for Continuing Medical Education).
Participants should claim only the credit commensurate with the extent of their participation in the activity.

54th Annual Winter Meeting - Yellowstone Conference Center

Agenda

Thursday February 4, 2027
Afternoon session
3:30-5:00 pm Registration
4:00-6:00 pm Refreshments
4:00-7:00 pm Exhibitor visitation
5:00-6:00 pm *Lichen Planus and Inflammatory Mucosal Conditions*
Christopher Hull, MD

6:00-7:00 pm *Melanonychia and Nail Surgical Pearls*
Christopher Hull, MD

Evening activity - optional
7:00-9:00 pm Reception with hors d'oeuvres and cocktails at no host, cashless bar; tickets required

Friday, February 5, 2027
Morning Session
6:30-7:00 am Registration
6:30-8:15 am Breakfast Buffet
6:30-9:00 am Exhibitor visitation
7:00-8:00 am *High-Risk Infantile Hemangiomas: Early Recognition and Management*
Carla Torres-Zegarra, MD

8:00-9:00 am *Menopause Essentials for Dermatologists*
Melissa Muaskar, MD FAAD

Afternoon session
3:00-4:00 pm Registration
3:00-6:00 pm Afternoon Snacks
3:00-7:00 pm Exhibitor visitation
4:00-5:00 pm *Pediatric Dermatology Pearls for the General Dermatologist*
Carla Torres-Zegarra, MD

5:00-6:00 pm *Diagnostic and Therapeutic Pearls*
Mark Lebwohl, MD

6:00-7:00 pm *PMOS in Dermatology: From Pathophysiology to Practical Management*
Carla Torres-Zegarra, MD

Friday, February 5, 2027, continued
Evening activity - optional
6:45-8:15 pm Family Dinner; tickets required
7:15-8:15 pm Cocktails with no host, cashless bar

Saturday, February 6, 2027
Morning Session
6:30-7:00 am Registration
6:30-8:15 am Breakfast Buffet
6:30-9:00 am Exhibitor visitation
7:00-8:00 am *Psoriasis: Which Drug for Which Patient*
Mark Lebwohl, MD

8:00-9:00 am *Vulvar Dermatology*
Melissa Mauskar, MD FAAD

Afternoon session
3:30-5:00 pm MAD Business Meeting – members only
4:30-5:00 pm Registration
4:30-6:15 pm Afternoon Snacks
4:30-7:00 pm Exhibitor visitation
5:00-6:00 pm *Immunosuppression in the Real world: Using "Scary" Meds Safely*
Sabrina Newman, MD

6:00-7:00 pm *Checkpoint Inhibitors and Beyond: A Practical Approach to Cancer Therapy Rashes*
Sabrina Newman, MD

Sunday, February 7, 2027
Morning Session
6:30-7:00 am Registration
6:30-8:15 am Breakfast Buffet
6:30-9:00 am Exhibitor visitation
7:00-8:00 am *Case-Based Lessons from the Dermatology Consult Service*
Sabrina Newman, MD

8:00-9:00 am *Curious Clinicians are Researchers*
Melissa Mauskar, MD FAAD

9:00 am Meeting adjourns

Conference Faculty
Dr. Chris Hull is a board-certified dermatologist specializing in complex medical dermatology, with a focus on autoimmune and infectious skin diseases. He has led numerous clinical studies and served as principal investigator on research initiatives supported by national foundations and industry partners. Dr. Hull is also a dedicated educator and mentor, with extensive experience teaching medical students, residents, and fellows. He earned his medical degree from the University of Washington School of Medicine and completed his internal medicine internship and dermatology residency at the University of Utah, where he has been on faculty since 2004. He currently serves as Vice Chair of the Department of Dermatology at the University of Utah and has recently held the role of Interim Chair, reflecting his leadership and impact within the dermatology community.

Dr. Mark Lebwohl is Dean for Clinical Therapeutics at the Icahn School of Medicine at Mount Sinai and Chairman emeritus of the Waldman Department of Dermatology. He is a past president of the American Academy of Dermatology, Chairman emeritus of the medical board of the National Psoriasis Foundation, and co-editor in chief of *Skin, the Journal of Cutaneous Medicine*. He is lead editor of Treatment of Skin Disease which is now and its seventh edition and has been translated into Spanish, Portuguese, Polish, and Chinese. He is also an author of over 1000 peer reviewed articles and book chapters.

Dr. Melissa Mauskar began her journey to medicine with a Bachelor of Science degree in Biology from the University of Texas before moving on to medical school at UT Health San Antonio School of Medicine, internship at Medstar Washington Hospital Center in Washington, DC, and then residency at Georgetown University/Medstar Washington Hospital Center where she also served as chief resident. Following her chief resident year, Dr. Mauskar transitioned to dermatology physician at Medstar Washington Hospital Center and Georgetown University Hospital as well as assistant professor of Dermatology at Georgetown University. Dr. Mauskar is currently a dermatology physician at William P Clements Jr. University Hospital, Zale Lipshy Pavillion, Parkland Health and Hospitals System, and Dallas Children's Medical Center. She is also concurrently an associate professor in Dermatology and Obstetrics and Gynecology at UT Southwestern Medical Center in Dallas, Tx. Dr Mauskar has served as the founder and director of the Gynecologic Dermatology clinic, the Grand Rounds MOC Program Director, and Grand Rounds Clinical Pathologic Correlation Director for the Department of Dermatology at UT Southwestern Medical Center. She is currently the Director of the Women's Health Track and the Director of the Vulvar Health Program at UT Southwestern Medical Center.

Dr. Sabrina Newman is an Associate Professor at the University of Colorado School of Medicine, where she serves as Associate Program Director for the dermatology residency program. She served as Director of Consultative Dermatology for over seven years and led the inpatient dermatology consult service at UCHealth Anschutz and affiliated UCHealth hospitals. Her clinical interests include complex medical dermatology, severe drug eruptions, connective tissue disease, and oncodermatology.
Dr. Newman is passionate about improving access to dermatologic care across Colorado through innovative clinical and virtual care models. As Associate Program Director, she has led the development of a modernized and innovative residency curriculum focused on high-yield, case-based learning. She also serves as the educational Site Director at the Rocky Mountain Regional VA Medical Center, where she has the privilege of caring for veterans and helping train the next generation of dermatologists.

Dr. Carla Torres-Zegarra is a triple board-certified pediatrician, dermatologist, and pediatric dermatologist who serves as Associate Professor of Dermatology and Pediatrics at the University of Colorado School of Medicine and Children's Hospital Colorado. She is the Program Director of the Pediatric Dermatology Fellowship and Director of Community Engagement for the Department of Dermatology. Dr. Torres-Zegarra is internationally recognized for her expertise in pediatric dermatology, vascular anomalies, inflammatory skin disease, skin of color, and endocrine-related dermatologic conditions, including polyendrocrine metabolic ovarian syndrome in adolescents. She is an award-winning educator, Castle Connolly Top Doctor and 5280 Top Doctor, and invited speaker who has delivered lectures throughout North America, Latin America, and Europe.
A passionate innovator in medical education, Dr. Torres-Zegarra is the founder and host of *Pediatras en Línea*, the first Spanish-language pediatric medical podcast produced by a U.S. children's hospital. Since its launch in 2021, the podcast has reached healthcare professionals in more than 123 countries and has become a leading platform for evidence-based pediatric education in the Spanish-speaking world. She serves as Vice Chair of the Skin of Color and Pigmentary Disorders Focused Study Group within the Pediatric Dermatology Research Alliance (PeDRA), is a bilingual spokesperson for the American Academy of Pediatrics and leads global health initiatives that expand access to dermatologic care and education through telemedicine and digital learning platforms.
