

Cath, Vascular, and ECHO Case Conference

7:00-8:00 AM, Friday, April 7, 2023

Billings Clinic

- 73-year-old male transferred from Poplar for NSTEMI. Found to have 2vd (occluded Lcx, likely subacute occlusion and severe diffuse LAD disease). Case stopped to discuss surgical option, however CT surgery recommended medical therapy for now and follow up as outpatient (social issues such as EtOH abuse). – **Presented By Dr. Aoi**

All other pertinent cases may be brought forth.

Sponsored by:

The Billings Clinic CME Program

Lecture Series Objectives:

- Identify patients at risk for cardiovascular diseases.
- Discuss appropriate imaging modalities for the diagnosis and monitoring of these diseases and of congenital cardiac disorders.
- Utilize echocardiographic imaging, both 2D & transesophageal, to aid in diagnosis and management
- Utilize clinical practice guidelines to manage and optimize both medical and surgical management of cardiovascular disorders.
- Better communicate and coordinate as a multidisciplinary to care for patients with complex cardiovascular disease and to support patients by clearly identifying needed behavioral changes.

AMA PRA Category 1 credits™

The Billings Clinic is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Billings Clinic designates this live activity for a maximum of **52 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is worth up to **1.0** credits.)
