**Engaging Primary Care Providers in
Survivorship and Team-Based Care
of Cancer Patients**

Presented by

Jack Hensold, MD
Department
Billings Clinic

Lecture specific objectives:

- 1) Describe the role of primary care physicians in supportive and survivorship care of their patients with cancer.
- 2) Describe the impact of restricted access to cancer care on patient's that reside in rural areas.
- 3) Discuss the benefits of a team-based approach to cancer care delivery.

Sponsored by:

The Billings Clinic CME Program

Series objectives

1. Define a broad range of clinical problems and review the latest trends in clinical quality improvement and work together to improve patient care.
2. Apply information on more time-efficient and cost-efficient methods for treating patients including professional leadership in healthcare and faculty development.
3. Identify information on the latest technological advances.
4. Review the emerging trends in diagnostics, therapeutic care, health care policy, reimbursement, regulation, legal climate, medical education, and medical research.

Accreditation statements:

***AMA PRA Category 1 credits*™**

The Billings Clinic is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Billings Clinic designates this live activity for a maximum of **52 AMA PRA Category 1 Credits**™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is worth up to **1.0** credits.)

AAFP Prescribed credit

The AAFP has reviewed 2024 Physician Grand Rounds, and deemed it acceptable for AAFP credit. Term of approval is from 01/05/2024 to 12/27/2024. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
