Updates in Small Cell Lung Cancer: Immunotherapy to Bispecific T-cell Engagers

Presented by:

Anna Rivard, PharmD, BCOP
Lead Clinical Pharmacist – Oncology, Billings Clinic

Session-Specific Objectives:

1. Identify new therapies for small cell lung cancer
2. Distinguish immunotherapy adverse reactions from other differential diagnoses
3. Develop an implementation plan for bispecific T-cell engagers for small cell lung cancer

Series Objectives:

1. Discuss new and existing drug therapies
2. Describe the impact of literature and clinical guidelines on pharmacy and medical practice
3. Explain safe and effective medication therapies for different disease states

Sponsored By: Billings Clinic CME Program

Accreditation Statement

AMA PRA Category 1 Credits™

Billings Clinic is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Billings Clinic designates this live activity for a maximum of **12 AMA PRA Category 1 Credits™**. Learners should claim only the credit commensurate with the extent of their participation in the activity. Each session is worth up to **1** credit.

Disclosures

All persons in control of content, including members of the planning committee, do not report any relevant financial relationship(s) to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Any reported relationships have been mitigated.

How to claim your CE and submit an evaluation

CE can be requested by completing information on the Microsoft Forms link below.

- Attendance Sheet:
