Donation After Death – Navigating Complexity

Presented by

Michael Souter, MB ChB DA FRCA FNCS
Professor, Anesthesiology and Pain Medicine
Adjunct Professor, Neurological Surgery
Attending Physician, Anesthesiology and Neurocritical Care
University of Washington
Medical Director
Lifecenter Northwest

Lecture specific objectives:

1. Appraise ethical imperatives driving donation while acknowledging appropriate safeguards to be respected
2. Improve awareness of the processes involved within organ donation and the interaction with ongoing clinical care
3. Discuss the potential problems presenting whilst caring for:
 - a) the deceased organ donor
 - b) the end-of-life patient being considered for eligibility for organ donation after circulatory death

The activity is appropriate for physicians, APPs, Nursing, and allied health professionals.

How to join this Physician Grand Rounds session:

Lecture Series objectives:

1. Define a broad range of clinical problems and review the latest trends in clinical quality improvement and work together to improve patient care.
2. Apply information on more time-efficient and cost-efficient methods for treating patients including professional leadership in healthcare and faculty development.
3. Identify information on the latest technological advances.
4. Review the emerging trends in diagnostics, therapeutic care, health care policy, reimbursement, regulation, legal climate, medical education, and medical research.

Accreditation:

AMA PRA Category 1 credits™

The Billings Clinic is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Billings Clinic designates this live activity for a maximum of **52 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is worth up to **1.0** credits.)

AAFP Prescribed credit

The AAFP has reviewed 2025 Physician Grand Rounds, and deemed it acceptable for AAFP credit. Term of approval is from 01/03/2025 to 12/19/2025. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
