Commercial Exhibitor Booth Registration and Agreement

Exhibitor agrees to abide by all requirements of the ACCME’s Accreditation Criteria, the ACCME Standards for Commercial Support, and Billings Clinic Continuing Medical Education Policies.

Specifically:

- Arrangements for commercial exhibits or advertisements cannot influence planning or interfere with the presentation, nor can they be a condition of the provision of commercial support. Billings Clinic will be responsible for the identification, determination, and selection of needs, objectives, content, faculty, educational methods, evaluation, and audience and will ensure that the decisions are made free of the control of the exhibitor.
- All exhibits will be in a virtual space or area separate from the education; the exhibits must not interfere or in any way compete with the learning experience prior to, during, or immediately after the activity, in accordance with Standard 4.2 of the ACCME Standards for Commercial Support.

- Exhibitors will be verbally acknowledged at the activity, per the discretion of the course director, in line with CME guidelines. Such acknowledgement will not contain the logo of any individual exhibitor, rather, the course director (or other CME representative) will acknowledge the presence of exhibitors and the availability of the virtual exhibit space outside of the learning space generally for attendees who choose to visit it.
