- Arrangements for commercial exhibits or advertisements cannot influence planning or interfere with the presentation, nor can they be a condition of the provision of commercial support. - All exhibits will be in a virtual space or area separate from the education; the exhibits must not interfere or in any way compete with the learning experience prior to, during, or immediately after the activity, in accordance with Standard 4.2 of the ACCME Standards for Commercial Support.

- Exhibitors will be verbally acknowledged at the activity, per the discretion of the course director, in line with CME guidelines.
