- All exhibits will be in a virtual space or area separate from the education; the exhibits must not interfere or in any way compete with the learning experience prior to, during, or immediately after the activity, in accordance with Standard 4.2 of the ACCME Standards for Commercial Support.
- Representatives of the company exhibiting may attend CME activities at the discretion of Billings Clinic for the direct purpose of the representatives' own education; however, they may not engage in sales or marketing activities while in the space or place of the educational activity.
- Information on the identity of learners at CME activities is considered to be the confidential property of Billings Clinic.
- Information on learners will only be released to third parties when learners have prospectively signed a document authorizing this release of information.

- In no event, will Billings Clinic provide a list of program attendees in program materials given to exhibitors.
- Exhibitors will be verbally acknowledged at the activity, per the discretion of the course director, in line with CME guidelines. Such acknowledgement will not contain the logo of any individual exhibitor, rather, the course director (or other CME representative) will acknowledge the presence of exhibitors and the availability of the virtual exhibit space outside of the learning space generally for attendees who choose to visit it.
